Software Engineer with 2+ years of experience building enterprise SaaS applications and SEO-focused websites, including leading a team of 8. Proficient in frontend, backend, and deployments, with hands-on experience leveraging AI tools and agents workflows for accelerated development.

Experience

Full Stack Engineer

CodeSwift | Rawalpindi | February 2026 - Present

- Led a cross-functional team of 8, defining business requirements, coding guidelines, PR policies, and code reviews.
- Shipped 3 SEO-focused Next.js applications generating active leads, along with an internal enterprise SaaS platform.
- Developed .NET Core backend services for a multi-tenant enterprise EHS platform with 5 integrated web applications.
- Managed end-to-end CI/CD and deployment pipelines across cloud VPS infrastructure and Oracle Cloud production servers.

Frontend Engineer

LitGrey Technologies | Remote | August 2025 - January 2026

- Built frontend features with Angular for Optician Dynamics, an optical ERP and POS for eyewear retailers.
- Refactored core POS, warehouse, and purchasing workflows to improve UX and cross-device responsiveness.
- Maintained delivery in an RDP setup, consistently scoring 90% productivity while working without AI tools.

Backend Engineer

BixForge Solutions | Remote | March 2025 - June 2025

- Built backend services with secure authentication and RESTful API endpoints.
- Worked with UX designers, frontend developers and a product manager on a remote team.

Full Stack Engineer

Vocsena | Remote | September 2024 - December 2024

- Built responsive pages and complex routing in React and Tailwind CSS from Figma designs.
- Added authentication, metadata upload and database setup on a Node.js/Express backend, and documented the APIs.

Freelance Full Stack Engineer

Freelance | Remote | July 2024 - Present

- Turned client ideas into web apps with the MERN stack, Angular and Next.js with a 100% satisfaction and perfect rating.
- Fixed buggy, vibe-coded and unfinished projects, including a complex full-stack application and 3D web project.
